

# CAMP BROADCAST JULY 26-28

## BROADCAST Is Looking For Stars!

Would you enjoy a career as a TV journalist? Have you dreamed about learning how to produce a broadcast? Would you like to learn how to write a script, use a video camera, green screen and other technologies to produce a daily broadcast? This is your chance to become a broadcaster at Clayton's Camp Broadcast!

Students will learn the fundamental principles of news-gathering and digital production and have hands-on experience using a digital camera and associated equipment. Students will produce a broadcast beginning with writing a script and ending with the actual broadcast, working with a production team under supervision of experienced KCARD sponsors. They will receive a DVD of their broadcast at the close of Camp Broadcast!

This camp is limited to current 3rd, 4th and 5th grade students. Only 15 students per session to keep pupil to teacher ratio low! Don't wait! Sign up NOW!
